Fields for Lab Results

These are the common fields that can be generalized to almost all lab results.

Component	Your Result	Standard Range	Units
Triglyceride	49	< 150	MG/DL

Commonly Ordered Labs

These are common lab tests with their components.

Lipid Panel

- Cholesterol
- HDL
- Non-HDL
- Triglyceride
- LDL

Complete Blood Count

- Red blood cells
- White blood cells
- Hemoglobin
- Hematocrit
- Average red blood cell size
- Hemoglobin amount per cell
- Hemoglobin concentration per red blood cell
